

NATE + JENNY

Dear: **Birthparent**

We want to thank you for taking the time to get to know us and our family's story. We admire your courage and selflessness in considering adoption for you and your child. Our lives have been changed through adoption and we hope the love we have for our kiddos comes through in the pages that follow. We are excited to complete our family through adoption and to continue finding ways to make sure the culture of each of our child's heritage is a part of our lives. Please accept our gratitude and appreciation for your consideration during this process.
